Re: Reissue Application - S.N. 09/613,154 for:
"Water Sport Towing Apparatus and Method"
Our File No. 20238.2RE

Dear Mr. Avila:

Thank you for your recent telephone messages regarding additional documents needed from the Assignee. In accordance with that information, I am enclosing the following:

- (1) Assignee's Submission Under MPEP 1410.01 of Proof of Ownership in Correct Craft, Inc.;
- (2) Consent Under MPEP 1410.01 to Filing of Reissue Application; and
- (3) Reissue Application Declaration by the Assignee.

Please note that the Assignee's declaration includes an attachment containing the additional language which you suggested in your recent voice mail message.

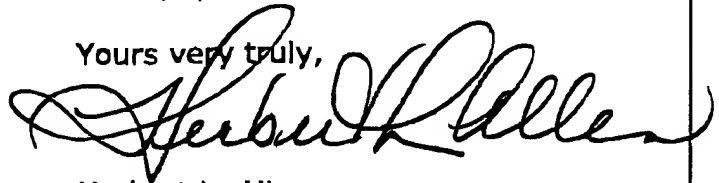

Since this application has been completely assigned and the Assignee has verified that the error arose because an inventor was incorrectly not named, may I

assume that it will not be necessary to file a similar supplemental declaration signed by the inventors? One of the inventors has moved out of state and another inventor is no longer associated with the Assignee, and there would be great difficulty if an additional declaration by the inventors was required.

Please do not hesitate to contact me with any questions or concerns.

Yours very truly,
